## NEW COUNTY OFFICIAL

Planned by the Convention Held Yesterday.

### MORE EFFICIENT WORK

Sought by the State Board of Health.

A Bill will be Framed and Presented to the General Assembly at its Next Session in 1908.

County health officers for Ohio and a plan for the examination of health officers by the state board of health were discussed yesterday by the convention of health officers from municipalities of over 3000 population. Each project was left in charge of a special committee.

The county health officer committee is instructed to formulate a bill creating the new office, to be presented to the legislature at its next session.

When "The Registration of Vital Statistics" as presented by Health Officer T. Clark Miller of Massillon, was up for discussion, there was general agreement that present Ohio records of this character are so inaccurate as to be almost worthless. The New England plan, which provides an official in each section of the state to gather the figures, and enforce obedience to the laws requiring reports to be made, was favored. If a county health officer is provided, it probably will be one of his duties to look after vital statistics.

While the state board of health has authority to provide an examination for health officers, it can be made compulsory only in the case of village appointing health officers to act as the board of health. These officers must be approved by the state board before they can act.

Dr. C. O. Probst secretary of the state board who has been working on the project, hopes to make the examination so rigid that the and townships having regular health pass will have an actual commercial value, by enabling the holder to command a higher salary and in making his official position less dependent on political caprice. In this way Dr. Probst hopes to make the diploma so prized that no health officer will be without one.

At present all health regulations in the state, outside municipalities and townships having regular health authorities, are under direct control of the state board. The job is too big. The county health officer would act as representative of the state board. He would have immediate supervision of all rural sanitation, especially where it affects a water supply, and see that orders of the state board of local boards municipalities or water works are complied with. In the absence of Dr. McKendree Smith, former Columbus health officer, the topic was presented by Dr. J. W. Clement of the Columbus board.

The conference was held under the provisions of a new law, giving the state board authority to hold one conference each year with representatives of all the health boards in the state. The expenses

of those attending are paid from local health funds. Health officers in municipalities of less than 3000 population and from the townships are yet to be called together.

This problem was considered by the state board at a meeting held during the noon recess. It was found that about 2000 would attend such a gathering. As this would be too large, the state will be divided. Those from the northern and southern sections will meet at different times. One division will be called together at the time of the regular June meeting of the state board and the other at the October meeting. Columbus probably will entertain each gathering. Another plan for dividing the attendance probably will be tried next year.

In addition to discussions of topics proposed by those in attendance prepared papers were read by Dr. Clarence A. Dale, health officer of Perry; Dr. Martin Frederick, health officer of Cleveland, and Dr. S. E. Allen, health officer of Cincinnati.—Ohio State Journal.

### How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

Take Hall's Family Pills for Constipation.

### MISSIONARY SOCIETY'S MONTHLY MEETING

Ladies of the German M. E. Church Met Thursday.

Mrs. Wesley Hecker was Hostess—A Very Pleasing Program was Rendered.

The Missionary Society of the German M. E. Church was entertained last night at a regular meeting by Mrs. Wesley Hecker, of Blaine Avenue. A missionary reading was given by Miss Bertina Gracely and several piano selections were contributed by Misses Marie and Marjorie Seiler. Miss Gracely taught the lesson and Miss Marie Seiler followed with a missionary paper entitled "The Island World."

After the program has been completed refreshments were served, and a short time spent socially. The attendance was quite large.

The society will hold its next meeting at the home of Mrs. Fred Hecker, on Windsor street, on the third Thursday in February.

### AMATEUR NIGHT

Will be Observed at the Marion Family Theater.

An interesting and entertaining feature of the performance at the Family theatre this evening will be a performance given by local amateurs who have designs on vandyke greatness. This performance will be included with the second show which begins at 8:45. All amateurs are invited to avail themselves of this opportunity to exhibit their attainments and cash prizes will be given to the favorites.

## AN EVENT OF GREAT NOTE

Saturday Nights Attraction One of the Best.

### VERY BRILLIANT FUTURE

Awaits the Young Lady From Galicia.

She Made Her Debut as an English Speaking Actress Last Year After Mastering the Language.

The entrance upon the American stage of Bertha Kalich, who comes to the Grand Opera House tomorrow evening is an event so important that it must arrest the interest of everyone possessed of a true love for the theatre. At a time when our stage is none too rich in evidence of serious study and effort, the coming of an artist of Madam Kalich's personality, temperament and well schooled in art is indeed welcome.

Madame Kalich, enters upon her career as an English-speaking actress with a splendid record of successes, in her native tongue, upon which may justly be built the most brilliant hopes for her future. In her native city of Lemberg, in Galicia, she studied music at the conservatory, and at the age of fourteen she made her appearance as a singer in operetta. Then came an engagement at the Bucharest National Theatre at Buda Pesth, and from there she came to America ten years ago, to sing and later to play in the Jewish theatres of the East Side.

Only those who know intimately the life of the New York Ghetto may realize the inspirations, the trials, the close view of emotions and passions of humanity that Madame Kalich experienced during these ten years. She played the leading roles in the Yiddish versions of the masterpieces of Ibsen, Sudermann, Tolstoi and Sardou; she became the idol of the little world of the Ghetto, and no player in any land or time received such homage as did she.

But all the while, in the midst of her triumphs, Madame Kalich had hopes and dreams of entering a larger field of artistic enterprise, and in order to bring fulfillment to her ambition, she employed herself, in every leisure moment, with the study of the English language. She mastered the task last year, and under the management of Mr. Fiske she made in "Moana Vama" her formal debut as an English speaking star. This season she appears in Gordon's "The Kreutzer Sonata."

### NEWS OF THE LOCAL Y. M. C. A.

The regular weekly group of contests of the athletic department of the Y. M. C. A. were conducted in the association gym, last night. The Reds and Oranges were first to contest for points. The Oranges won the smash ball game, the track relay race and had all members of the team present, resulting in its winning 33 points. The Reds won 9 points.

The Blues and Grays were quite evenly matched, the former team winning the smash ball game, while the latter won the track relay race. The Blues won 23 while the Grays took 17.

M. C. A. will meet in the class room to have a picture taken, a cut of which will be placed in the Y. M. C. A. prospectus for next year. A full attendance is desired.

### COMPLEXION SECRETS

Only One Way to Secure a Clear Skin.

In most instances a bad complexion is due to neglect of the little things in life that are essential to the preservation of one's own natural beauty. All manner of suggestions have been offered by skin specialists, but all agree that the only sure way to secure a clear, healthy complexion is to conform closely as possible to the laws of nature. To preserve your freshness and beauty, you should live simply, take plenty of out-door exercise, drink quantities of water and be careful of your diet. Remember, too, that beauty is good deal more than skin deep. It is blood deep, and depends also upon your liver; your kidneys and the activity of your bowels. For nearly two years now, they have been telling the ladies of the beneficial effects that Laxatol Tonic Tablets have on the skin. The principal ingredients in them are cascara and dandelion, and every doctor knows that these remedies start the liver going, drive out impurities, encourage the action of the bowels and help clear up the complexion.

Flocken's Drug Store will gladly pay your 25 cents back if these little tablets fail to thoroughly benefit you. 12-14-1907

### OLD MARION BOY IS WINNING FAME

Frank LaRue Appears Before a Home Audience.

Few People Knew That "Jack Bolton" was in Reality the Former Marion Boy.

Probably not more than a dozen people in the audience which witnessed the production of "The College Widow" at the Grand, Thursday evening, were aware that the character Jack Bolton, the breezy, western railroad magnate, father of Billy Bolton, was taken by Frank LaRue, a Marion boy.

LaRue left Marion about seven or eight years ago in answer to an "ad." He was at that time a member of the People's band and for two years he was with a "Tom show" in the character of Simon Legree. Not much has been heard of Frank LaRue since then. In the summer he did vandyke stunts at various parks, but his friends here were not aware that Frank had developed as he has.

It was therefore with more than pleased surprise that his many friends witnessed his high class work last night. He has developed into an actor of great force and merit, as was demonstrated to the ample satisfaction of his friends Thursday evening.

### THE WHITE PLAGUE

Clames Mrs. Caroline Barbee as its Victim.

Mrs. Caroline Barbee, aged 28 years and 7 months, died last night at eleven o'clock at the home of her parents on Wilson avenue, after an illness of several months' duration with consumption.

Mrs. Barbee was the daughter of Mr. and Mrs. Jacob Keestner. She had resided in this city for a number of years and was well known, her pleasantness endearing her to many friends.

The funeral services will be announced later.

SPECIAL THIS WEEK. One pound Organdie Stationery worth 25c. One package envelopes worth 10c.

For 24 Cents

## THE "REXALL" STORE

The Headley Drug Co.

### MR. RILEY DID NOT KNOW.

Woman Reporter Asked Question Hard to Answer.

A friend of James Whitcomb Riley tells a story of an encounter the bachelor poet once had with a woman reporter. The energetic young woman after strenuous effort had finally caught Mr. Riley at the telephone. This is the conversation that followed:

"Is this Mr. Riley?"

"Yes. That is Miss—"

"Miss Jones, of the Courier-Journal. I've been trying all day to get an interview with you, Mr. Riley."

"Ah, would it were a view instead of an interview," said the poet, gallantly.

"Oh, thanks. How long will you remain in Louisville, Mr. Riley?"

"Only a short time."

"Is your wife with you?"

"No, ma'am, she is not."

"Where is she, may I ask?"

"You may ask, my dear Miss Jones, but I find it very difficult to answer. I am in absolute ignorance of her whereabouts. For aught I know to the contrary, she may right now be at the other end of this telephone!"

There was much laughter, and afterward an effort to resume the interview. But in vain. Mr. Riley had escaped.—Home Companion.

### Things Soldiers Don't Use.

A writer in the Philadelphia Bulletin informs an amazed public that soldiers never use umbrellas during wars. Another peculiarity of the warrior is that he never uses a lognet, a bottle of smelling salts or a fan in a bayonet charge.—Louisville Courier-Journal.

### Women, cats and birds are creatures that waste most time on their toilet.
